Dear [Employer's Name],

I am writing to express my interest in the Frontend Developer position at Amerta Technology. As a skilled and enthusiastic individual with a strong passion for frontend development, I am confident that I would be a valuable addition to your team.

My name is Ade Nova Wiguna and I am a fresh graduate from a vocational high school majoring in software and game development. In my studies, I have gained a solid foundation in programming languages such as JavaScript and PHP, with a focus on React JS and Laravel frameworks. Additionally, I have also worked with LiveWire and C++ libraries, allowing me to create dynamic and efficient web applications.

What sets me apart from other candidates is my ability to quickly adapt to new environments and work effectively in a team. I believe that my strong communication and problem-solving skills, combined with my technical expertise, would make me a valuable asset to Amerta Technology.

In my previous projects, I have demonstrated a strong commitment to delivering high-quality work within tight deadlines. For example, I worked on a team to develop a responsive e-commerce website using React JS and Laravel frameworks, which was completed and launched within two months. This experience has honed my ability to work well under pressure and collaborate effectively with team members.

I am excited about the opportunity to join Amerta Technology and contribute my skills and knowledge to your company. I am confident that I have the drive, skills, and passion to excel in the Frontend Developer role and make a positive impact on your team.

Thank you for considering my application. I look forward to the opportunity to discuss my qualifications further.

Sincerely,

[Your Name]I am looking for new challenges and the position of Accounting Staff sounds the perfect opportunity. Your organisation has an enviable record innovation in investor financial consultant, and an excellent reputation as an employer, making the position even more attractive.

I enclose my CV for your inspection and look forward to hearing from you soon. I am available for interview at your convenience

Sincerely yours,

**Ade Nova Wiguna**

Dear Mr. Sujatmiko,

I am a graduate student in Computer Science at Indonesia University, and I will be awarded an M.S. degree in July 2007. I am currently looking for a position related to Database/Graphics Package Design in the research and development department of a major company.

Before coming to Indonesia University, I designed, supervised, and completed a CAD system. The function covers vector, character and curve generation, windowing, shading, and transformations.

At Indonesia University, my research work involves Compilation of Relational Queries into Network DML. To enhance my background, I have taken some courses in computer graphics and database, and I have experience in and an understanding of the design of databases. With this background, I certainly believe that I am competent to meet challenging tasks and can make a good contribution to your company.

Enclosed is my resume, which indicates in some detail my training and experience. I sincerely hope that my qualifications are of interest to you and that an interview might be arranged at your convenience.

Thank you for your consideration. I look forward to hearing from you soon.

Sincerely yours,

**Putri Puji Lestari**
